

**ISLAND COUNTY FIRE PROTECTION DISTRICT #5
CENTRAL WHIDBEY ISLAND FIRE & RESCUE**

IN THE MATTER OF DISTRICT
NAME CHANGE

RESOLUTION 95-04

WHEREAS, Island County Fire Protection District #5 was formed under RCW 52.02.020 to provide fire prevention, fire suppression, and emergency medical services, and for the protection of life and property in 1952.

WHEREAS, Island County Fire Protection District #5 was so named because it was the 5th such District formed in Island County.

WHEREAS, The Board of Commissioners believe that it is difficult for the general public to determine in which District they reside or how to contact their local Fire Department for non-emergency needs. They desire to designate the area of Whidbey Island which Island District #5 serves and thus eliminate confusion among the residents.

WHEREAS, The Board of Commissioners believes that the informal name of this Fire District should be changed to Central Whidbey Island Fire & Rescue and be so listed in the phone directories and all business communications in order to clearly designate the area in which we live and serve.

NOW, THEREFORE, BE IT RESOLVED that effective immediately, the informal name of Island County Protection District #5 is changed to Central Whidbey Island Fire & Rescue and that all necessary agencies, vendors and parties be so notified by the District Secretary.

ADOPTED this 7th day of December, 1995.
